

OneCeutik®

Massage Gel for Fast Pain Relief

Once for Pain Relief

Manufactured by ZOLOX

About OneCeutik

OneCeutik Massage Gel is a fast-acting topical gel formulated to help relieve muscle and joint pain. Its carefully selected active ingredients provide a cooling sensation followed by gentle warmth, helping to reduce discomfort, improve flexibility, and support recovery from muscle fatigue and joint stiffness.

The non-greasy formula is easily absorbed and suitable for everyday use by active individuals and those suffering from musculoskeletal pain.

Product Composition

Key Active Ingredients

Methyl Salicylate

Magnesium

Eucalyptus Oil

Camphor

Menthol

Clove Oil

Dosage Form

Topical Massage Gel

Product Benefits

OneCeutik helps to:

Relieve muscle and joint pain.

Reduce muscle stiffness.

Provide a cooling then warming effect.

Improve flexibility and mobility.

Help relieve sports injuries and muscle fatigue.

Reduce discomfort associated with arthritis.

Promote relaxation of tense muscles.

Absorb quickly without leaving a greasy residue.

OneCeutik may be used for:

Acute and chronic neck pain.

Shoulder pain.

Elbow pain.

Wrist pain.

Lower back pain.

Tendinitis.

Muscle strains and sprains.

Osteoarthritis.

General muscular aches and stiffness.

Scientific Evidence

Efficacy and Safety Profile of a Topical Methyl Salicylate and Menthol Preparation in Adult Patients

Study Participants

208 adults (mean age approximately 37 years) with mild to moderate muscle strain.

Intervention

Application of a topical preparation containing 10% Methyl Salicylate and 3% L-Menthol compared with a placebo patch.

Outcome Measures

Summed Pain Intensity Difference over 8 hours (SPID8)

Safety and adverse event monitoring

Key Findings

Clinical evaluation demonstrated that:

The active topical formulation provided approximately 40% greater pain relief than placebo.

Pain relief was significant during the first 8 hours after application.

Statistical significance was demonstrated in the clinical analysis.

The treatment showed a favorable safety profile.

Mild adverse events occurred at rates similar to placebo, with no serious side effects reported.

How the Ingredients Work

Methyl Salicylate

Provides a cooling sensation followed by gentle warmth to help relieve minor muscle and joint pain.

Magnesium

Supports muscle relaxation and may help reduce muscle tension while improving flexibility.

Eucalyptus Oil

Provides a soothing sensation and helps relieve muscle discomfort and stiffness.

Camphor & Menthol

Produce an immediate cooling effect that helps soothe sore muscles and temporarily relieve pain.

Clove Oil

Known for its soothing properties that help relieve muscular discomfort, sprains, strains, and rheumatic pain.

Directions for Use

Apply a thin layer of OneCeutik Massage Gel to the affected area.

Massage gently until completely absorbed.

Repeat 2–3 times daily or as directed by your healthcare professional.

Storage

Store below 30°C.

Keep away from direct sunlight.

Keep the tube tightly closed after use.

Keep out of reach of children.

Warnings

For external use only.

Avoid contact with eyes and mucous membranes.

Do not apply to broken or irritated skin.

Wash hands after application.

Discontinue use if irritation develops.

Keep out of reach of children.

Frequently Asked Questions

How quickly does OneCeutik work?

Many users experience a cooling sensation immediately after application, followed by gradual pain relief.

Can it be used before exercise?

Yes. It may be applied before or after physical activity as directed.

Can it be used daily?

Yes, according to the recommended directions or your healthcare professional's advice.

Is it suitable for chronic joint pain?

It may help relieve discomfort associated with chronic muscle and joint pain, including osteoarthritis.
